WE ARE UGG.

Now more relevant than ever.

Bold, provocative, and authentic, UGG is a purpose-driven brand for those who refuse to be defined by convention. We empower bold self-expression through provocative fashion and extreme comfort. We have evolved from a single, iconic silhouette to a global lifestyle brand with far-reaching influence on culture, fashion, and design.

“HOT IN HOLLYWOOD AGAIN—
HOW UGG IS BUILDING A
HEAD-TO-TOE FASHION BRAND.”

WWD

Our heritage boot, adorned in our most classic chestnut color, is recognized worldwide. We also offer essential and fashion-forward products, bold apparel, and accessories across multiple men’s, women’s, and kids’ categories.

The UGG brand’s signature blend of California Heritage and Bold Fashion helps you convey your inner self meaning and outer self-expression. Known for our extreme comfort, the UGG brand product has unmatched tactile, emotional, and premium qualities that make you FEEL.

With a global presence, both our traditional and latest styles resonate with consumers worldwide.

Always ahead of the curve, our finger is on the pulse of Gen Z’s love for authenticity and our commitment to inclusive values that connect to today’s multi-generational consumer population.

Our partnerships with multi-hyphenate creatives and activists worldwide validate our contributions to the culture, and their stories inspire us to celebrate freedom of expression and explore purpose-driven topics. UGG is more relevant than ever.

WHAT WE DELIVER.

Founded on FEEL, UGG is dedicated to long-lasting quality and enduring designs that transcend trends. We became known as an industry leader in premium materials by the feeling we deliver. We lend comfort and support where and when you need it most and empower you to feel however you want.

UGG is an undeniably authentic attribute of our brand and the emotional connection we have always held with our consumers. UGG products are rooted in tradition, crafted with care, and offer a uniquely immersive wearing experience.

Made to last, we have always prided ourselves on using premium materials like signature sheepskin and suede, putting quality at the forefront of everything we do.

OUR JOURNEY TOWARD A REGENERATIVE FUTURE.

In 2020, we launched FEEL GOOD — a platform showcasing our vision for a better world. As a brand with purpose, UGG is driving toward a regenerative future and seeks to reduce our negative impacts and enhance our positive ones — undertaking initiatives that can drive real change for both people and the planet. Our ambition is to give back more than we take, helping sustain our community and environment. Along this road, we focus our efforts on three strategic pillars to make it happen: DO GOOD FOR THE PLANET, BE GOOD TO PEOPLE, and MAKE GOOD PRODUCTS.

Why It's Important

Consumer sentiment continues to shift, and younger generations increasingly state they will pay more for products that are more environmentally friendly.

66% of consumers would switch from a product they typically buy to a new product from a purpose-driven company.¹

55% said brands should be most responsible for reducing the industry's environmental impact.²

84% of Gen Z consumers are more likely to buy from brands that support a social cause.³

OUR PURPOSE PILLARS.

Be Good To People

We will Be Good To People by increasing access to fashion and art for all and by championing inclusivity to improve the well-being of our community. We have committed to inclusive representation in our marketing with at least 60% BIPOC, LGBTQIA+, and diversity of body types and abilities.

We have joined the Valuable 500 (a global business collective innovating together for disability inclusion); we will champion holistic personal wellness, including mental health, as a brand that makes people Feel Good; and we continue to support communities through donations of time, money, and product each year.

Do Good For The Planet

We will Do Good For the Planet by leaving a legacy — less carbon emissions and more sustainable production practices. Our parent company, Deckers Brands, partnered with climate experts to set emission reduction targets which were approved by the Science Based Targets Initiative. To support achievement of such goals, the UGG Brand has established internal targets including greenhouse gas reduction of 40% per pair (footwear) by 2030. We will lead in promoting the transformation of conventional agricultural practices toward regenerative farming, with a goal of increasing the amount of materials from a regenerative source. We have partnered with the Savory Institute to invest in restoring 1,000,000 acres of farmland by 2025 through implementation of regenerative farming practices.

Make Good Products

We will make Good Products by leading the industry in innovative, sustainable materials and develop products with circular economy in mind. We are working towards increasing our use of recycled, renewable, regenerated, and natural fibers by 35% among all material categories by 2027. Allowing our consumers to love their Classics even longer, in 2021, we introduced UGGrenew — a service dedicated to extending the life of Classic Boots.

SEASONAL OVERVIEW.

Introducing our SS23 theme: Re:creation.

Our moment to tap back into storytelling to redefine what UGG DNA means to the spring season.

Re:creation is an occasion to reclaim the sun and reframe the UGG Brand’s relationship to months and weeks associated with warmth, the outdoors, and fun.

Building on our signature feel, two key pillars serve as the foundation of this season’s footwear collection: California Fashion Heritage and Bold Fashion.

The undeniable “feeling of UGG” is at the root of everything we do. We draw much of our inspiration for the season on the Classic Boot. We’ll build and blend heritage essentials like the color chestnut and braided Tasman details into new silhouettes, outsole heights, Fluff-to-Puff innovations, regenerative promises, and evolutions of favored collections fans of the brand have grown to crave. The sum of these parts amount to an equal emergence of California Fashion Heritage with Bold Fashion for a new era of UGG.

Guided by these pillars and a commitment to unify fashion and function, the SS23 collection brings a new perspective to our iconic brand DNA.

Let’s continue what we’ve started, leave our mark on this pivotal time in fashion’s present, and Re:claim our heritage to become the design authority for all seasons, all weather, and all endeavors spring and summer alike.
