Description

THE ORIGINAL RECOVERY FOOTWEAR™

The Sandal that started it all. With it's sleek design and OOfoam™ recovery technology, the OOriginal Sandal was proven to be so effective, it's spirit lived on in all our later styles and models. And with more colors than ever to choose from, you can flex your recovery leaving the gym as much as you can at a backyard hangout with friends.

The OOriginal sandal features revolutionary OOfoam™ technology that

Features And Benefits

The OOriginal soothes and reinvigorates your feet after a workout, so you can do it again tomorrow. With OOfoam technology, the patented footbed design absorbs impact, cradles your arches and allows you to move naturally. Your feet will know the difference.

- Reduces stress on sore feet, knees, and back
- Enables more natural motion
- Minimalist construction for light weight
- Machine washable, plus moisture and bacteria resistant

MSRP: \$89.95

Description

The OOmega OOlala is a versatile, modern take on the traditional OOlala active recovery sandal. Still featuring the same proprietary OOfoam™ technology and patented footbed design - the addition of the MEGA midsole gives you an extra 15mm of impact-absorbing OOfoam™ technology. The OOmega is a step forward in fashion and another step into active recovery. OOmega, a women's platform sandal for trend-setting recovery, day or night. Unique in footwear and only from OOFOS.

Features And Benefits

We kicked up the style quotient with stylish good looks you can wear all day, glossy uppers, bold colors, and a slimmer, more streamlined silhouette. Expect the same OOfoam technology and patented footbed design as our OOriginal to take the stress off tired feet and joints.

- Reduces stress on sore feet, knees, and back
- Enables more natural motion
- Minimalist construction for light weight

Description

The OOcoozie provides the perfect blend of cushion and stability for both indoor lounging and quick errands out. Now in a mule style with an easy, no fuss, slip-on design for your on-the-go lifestyle. The upper is constructed with a warm vegan sherpa material that is both recyclable and machine washable. Like all OOFOS products, it has our unique one-of-a-kind OOfoam™ technology that absorbs impact, so your body doesn't have to. Active recovery with the soft, cozy

Features And Benefits

Built on our proven foundation of OOfoam™ technology to take the stress off tired feet and joints.

- Reduces stress on sore feet, knees, and back
- Enables more natural motion

Flags

MSRP: \$79.95

Description

The OOahh Sport Flex sandal features revolutionary OOfoam™ technology that absorbs 37% more impact than traditional footwear foam materials to reduce the stress on your feet and joints. This technology aids in the recovery process and creates an incredibly comfortable sandal you can wear anywhere. OOFOS took their popular slide style and designed a silhouette with an adjustable velcro upper for a more optimal fit.

Features And Benefits

Expect the same OOfoam technology and patented footbed design as our OOriginal to take the stress off tired feet and joints.

- Adjustable velcro strap for optimal fit
- Reduces stress on sore feet, knees, and back
- Enables more natural motion
- Minimalist construction for light weight
- Machine washable, plus moisture and bacteria resistant
- OOFOS are made in whole sizes. We recommend sizing down if you are
