# THE HOKA EXPERIENCE

## INNOVATION IS THE HEART OF HOKA

Three core technologies make up the heart of HOKA: the MetaRocker™, Active Foot Frame™ and cushioned midsole. They work together—precisely tuned for every shoe style—to create a specific performance experience.

01

### CUSHIONED MIDSOLE THE PLUSH PERFORMANCE

Varying in thickness, composition and design to suit your activity, our plush, shock-absorbing midsole foams are fine tuned to cushion each step, then spring back up.

02

### ACTIVE FOOT FRAME™ THE CRADLING COMFORT

The Active Foot Frame™ is engineered to cradle your foot securely by raising or lowering the midsole walls.

03

### METAROCKER™ THE SMOOTH STRIDE

Designed for a smooth and efficient transition underfoot, our curved MetaRocker™ can be dialed up to create a faster transition in the forefoot or dialed down to provide more ground contact and stability.

## MORE INNOVATION FOR SPECIALIZED PERFORMANCE

Frames are the backbone that provide stability and support.

### H-FRAME™ SECURE EVERY STEP

Engineered for enhanced stability, our intuitive H-Frame™ interlocks with the midsole foam to create a secure base.

Heel geometries uplevel the feel of every step on the trail.

### HUBBLE® HEEL EFFORTLESSLY SMOOTH TRANSITIONS

Our extended Hubble® Heel is designed to reduce impact and create smoother heel-to-toe transitions.

### SWALLOWTAIL™ HEEL INDEPENDENT SUSPENSION

Our forked SwallowTail™ heel allows for adjustments on uneven terrain and smoother heel-to-toe transitions.

**HOKA**

# MATERIALS + CREATION PROCESSES

We recognize that producing footwear and apparel has a global impact, and it carries an obligation to advance sustainable business practices and **good business ethics**. For more information on our efforts toward more **sustainable manufacturing** and information on corporate, human, and environmental responsibility measures taken by HOKA and Deckers Brands, visit [hoka.com/corporate-responsibility](http://hoka.com/corporate-responsibility).

## GORE-TEX

### Footwear Fabric with Recycled Content

GORE-TEX products provide waterproof and windproof protection while remaining comfortably breathable. Delivering a long product life and reduced carbon footprint,\* they are PFAS-free.\*

## GORE-TEX INVISIBLE FIT

### With Recycled Content

Designed to virtually disappear, the GORE-TEX Invisible Fit membrane is bonded directly into the upper for lightweight, flexible protection from the elements.

## MATRYX®

A ridiculously light, extra-durable woven material with hydrophobic properties, MATRYX® is abrasion resistant to help you get the most out of your runs.

## VIBRAM® MEGAGRIP

An industry leader in durable rubber for outdoor products, Vibram® Megagrip is a high-performance, extra-sticky rubber that provides enhanced grip on wet and dry surfaces.

## VIBRAM® LITEBASE

A high-performance rubber that reduces outsole weight while maintaining performance, Vibram® Megagrip with Litebase construction reduces outsole thickness about 40-50% and reduces the tread weight about 25-30%.

## VIBRAM® WITH TRACTION LUG

Vibram® with Traction Lug technology increases the surface area of outsole rubber, allowing for more rubber contact with terrain.

### VIBRAM® ECOSTEP RECYCLE

Delivering the same grip, performance, and durability that Vibram® is known for, Vibram® Ecostep Recycle is a pioneering eco-compound derived from up to 30% recycled materials.

### PEBA FOAM

An ultralight foam created using the supercritical foaming process, PEBA is used in our energetic models for enhanced rebound and resilience compared to traditional EVA.

### VIBRAM® ECOSTEP RECYCLE EVO

The next evolution of Vibram® Ecostep Recycle, EVO is a high-quality outsole compound that employs 30% recycled XS Trek for enhanced performance.

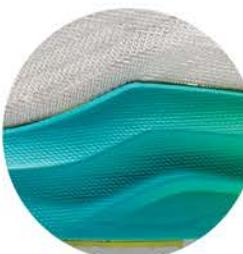

### PLATED TECHNOLOGIES

Providing a propulsive ride, our Pebax®, TPU, and carbon fiber plates deliver a durable, lightweight solution for dynamic energy return.

### RUBBERIZED FOAM

Lighter than traditional rubber and more resilient than EVA, rubberized foam delivers an energized ride with a proprietary blend of rubber and EVA.

### SUPER CRITICAL FOAMING PROCESS

By using high pressure and temperature, we're able to boost foam expansion and create foam with a soft, unique feel.

### SUGARCANE EVA FOAM

Designed to reduce our reliance on petrochemicals, our sugarcane and EVA blend delivers the same durability without impacting performance.

### PRIMALOFT®

A synthetic fiber made from 100% recycled materials, PrimaLoft® insulation mimics the lightweight warmth and softness of natural goose down—yet retains warmth when wet.

NOTE: All GORE-TEX models from Fall 2024 onward will be updated with a new ePE (expanded Polyethylene) membrane.

\*This practice advances Gore Fabrics' goal of being PFAS-free out of environmental concern over the lifecycle of its consumer products. The goal is accomplished by using nonfluorinated materials.

## **HARD LAUNCH DATE**

- Embargo & Hard Launch dates are the same
- 1 Global date applicable to Product & Marketing
- 1st day Product available to sell (online & in-store)
- 1st day Marketing goes live

- 1 Due to HOKA's new stack height measurements – which include sockliners in various thicknesses – some products may have varying heel-to-toe drops.
- 2 Product measurements in this catalog are based on men's size 9 or 10 and women's size 7 or 8 as specified. Variations will occur based on actual size and production and should be used for general comparison purposes only.

NOTE: ALL GORE-TEX models from Fall 2024 onward will be updated with a new ePE (expanded Polyethylene) membrane.

\*This practice advances Gore Fabrics' goal of being PFC-free out of environmental concern over the lifestyle of its consumer products. The goal is accomplished by using nonfluorinated materials.

Spring 2026 7

NEW

# Mach 7

ROAD

## YOUR GATEWAY TO EVERYDAY SPEED

Who doesn't want to go Mach speed? Our thoughts, exactly. Delivering light-on-your-feet cushioning with high-energy foam, our latest Mach 7 delivers the same snappy, responsive ride as its predecessor with a brand-new look. A tried-and-true trainer that employs speed focused design details throughout, we've enlisted a creel jacquard upper with zonal breathability and an internal gusset to deliver the locked-in fit to set your next PR.

<b>STACK HEIGHT</b>	<b>W 07B</b> Heel Stack:35.4mm Forefoot Stack:30.6mm <b>M 09D</b> Heel Stack:36.8mm Forefoot Stack:31.8mm

# Bondi 9

ROAD

## ***The ultra-cushioned game-changer***

One of the hardest working shoes in the HOKA lineup, the Bondi 9 delivers peak plushness for everyday miles. Overhauled from top to bottom, we've increased the stack height and added a new premium foam midsole to deliver that soft, resilient ride that's become synonymous with the Bondi. Elevated with a 3D molded collar and structured knit upper with zonal breathability, this ultra-cushioned cult favorite has been finished with Durabrasion rubber to combat high wear zones.

<b>STACK HEIGHT</b>	<b>W 08B</b> Heel Stack:40.5mm Forefoot Stack:35.5mm <b>M 09D</b> Heel Stack:42mm Forefoot Stack:37mm

## ***Light and plush for everyday miles***

A trusted trainer for daily maintenance miles, the Clifton has been the keystone of our cushioned styles for 10 years and counting. Ushering in a new era of plush performance, this next-generation update delivers a revitalized underfoot experience with an additional 3mm in heel-to-toe drop. Delivering the same ultralight cushioning that made the Clifton a fan favorite, we've fine-tuned the fit and added a breathable jacquard upper with double-lace lock to mitigate tongue migration.

# Clifton 9 GTX

ROAD

## ***A cushioned ride, rain or shine.***

Empowering runners to log their miles – no matter the weather – our classic Clifton has been updated with GORE-TEX invisible fit and weather-ready traction pods. HOKA's first-ever weatherproof road shoe, this splash-ready silhouette features 360-degree reflectivity and closed mesh construction for added protection. Designed to shine, even when the weather doesn't, the Clifton 9 GTX proves that no forecast is too fierce.

# **Skyward X 2**

## **THE PLUSHEST RIDE ON THE ROAD**

A plated super trainer geared for daily miles, the Skyward X 2 has been fine-tuned to deliver a more secure ride while maintaining the same lively underfoot feel. Built on our max-cushioned midsole, this ultra-premium trainer features a revolutionary new suspension system. The secret lies in our convex carbon fiber plate that compresses and springs back with each step. Lighter than its predecessor, this gravity-defying trainer enlists a luxurious creel jacquard upper, zonally padded tongue and reflective details for dawn-to-dusk efforts.

<b>STACK HEIGHT</b>	<b>W 07B</b> Heel Stack:43.8mm Forefoot Stack:39mm <b>M 09D</b> Heel Stack:45.8mm Forefoot Stack:40.8mm
<b>WEIGHT</b>	<b>W 07B</b> 9.34oz <b>M 09D</b> 11.07oz

# SKYWARD X

ROAD

## ***The plushiest ride on the road***

We threw out the rulebook when creating the skyward x. Pushing soft and smooth to the extreme, this cushy new trainer features a revolutionary suspension system with a convex carbon fiber plate that allows the suspension system to compress and spring back with each step. A soft, highly resilient PEBA foam sits closest to the foot for a lively, cushioned ride, while a premium EVA foam frame provides a stable base for your easiest miles yet.

<b>STACK HEIGHT</b>	<b>W 07B</b> Heel Stack:46mm Forefoot Stack:41mm <b>M 09D</b> Heel Stack:48mm Forefoot Stack:43mm
<b>WEIGHT</b>	<b>W 07B</b> 9.20oz <b>M 09D</b> 11.30oz

# Gaviota 6

## STABILITY WITHOUT SACRIFICING COMFORT

Forget what you thought you knew about stability shoes. The Gaviota 6 allows you to chase your daily miles while delivering a smoother ride than ever before. The secret? Our enhanced H-frame™ technology. Designed to combat overpronation without rigid materials, our stabilizing frame ensures a smooth entry into the gait cycle. Paired with a comfort-driven mesh upper, feel-good-collar, and high-abrasion rubber outsole, we've finished the Gaviota 6 with an internal lacing system to ensure a locked-in feel.

<b>STACK HEIGHT</b>	<b>W 07B</b> Heel Stack:37.9mm Forefoot Stack:32.2mm <b>M 09D</b> Heel Stack:39.3mm Forefoot Stack:33.3mm

# Rincon 4

ROAD

## **CLOUD-WEIGHT CUSHION, BUILT FOR THE LONG HAUL.**

Renowned for its startling cushion-to-weight ratio, the Rincon 4 received a top-to-bottom makeover to ensure the uber-light softness it's famous for lasts through even more miles. Upgraded foam provides better rebound while increasing longevity, and works together with rubberized EVA to make each step feel softer than the last. With a durable podular outsole design and a more foot-hugging fit than before, this daily trainer is engineered for a longer life without weighing you down.

# Bondi SR

WORK

## ***The ultimate workplace warrior***

The Bondi SR takes the most cushioned shoe in the HOKA road-shoe lineup and reworks the silhouette to handle the demands of daily life. Employing water-resistant leather, a slip-resistant outsole and EVA midsole for all-day cushioning, this workplace warrior features an ultra-grippy, full ground contact rubber that stands up to the demands of the service industry and medical field alike.

# RECOVERY

# ***Skyward Laceless***

RECOVERY

## ***An adaptable slip-on for active recovery.***

Redefining the art of recovery, the Skyward Laceless delivers a versatile silhouette perfect for post-run fun. Engineered with a stretchy, sock-like upper, this joyful jogger helps fight foot fatigue by coupling a hyper cushy midsole with an arch-cradling Active Foot Frame™. The result? A slip-on recovery companion that'll keep the endorphins flowing long after the run ends.

RECOVERY

# ORA Recovery Slide 3

RECOVERY

## ***An ultralight recovery slide***

Built off the blueprints of the beloved Ora Slide, we've added four air flow channels for superior breathability. A comfort-driven style designed for downtime; this sustainable spinoff treads lighter with an earth-friendly sugarcane footbed. Grounded in the same dual-density geometry and injection-molded outsole as the original icon, the Ora Slide 3 delivers foot-cradling comfort in a future-friendly silhouette.

# Challenger 8

TRAIL

## **Street approved. Trail tested.**

Built at the intersection of road and trail, the Challenger 8 delivers all the smooth cushioning and confidence-inspiring traction you'll need to tackle a variety of terrain. A gravel-grinding workhorse loved for its hyper cushy ride, we've added even more foam underfoot and improved the fit since our last iteration. Finished with a minimal mesh upper, plush collar, and durable rubber toe cap, we've reimagined the orientation of our multi-directional lugs to ensure the best all-terrain ride yet.

# Challenger 8 GTX

TRAIL

## RAIN OR SHINE. STREET TO SUMMIT.

Like that running buddy who never bails, the Challenger 8 GTX says yes to the road, yes to the trail—and yes to rain, mud and snow. Redesigned with more foam underfoot, an improved fit and reimagined multi-directional lug orientation, it's both smooth on the pavement and trustworthy on dirt. And its GORE-TEX Invisible Fit waterproof membrane means it doesn't balk at puddles, either. Guess you're out of excuses.

# Stinson 7

TRAIL

## **Max cushion from street to summit**

If you're going to pack just one pair on your next adventure, this is it. Known as the Swiss army knife of shoes – thanks to its road-to-trail agility – the Stinson 7 cues up the perfect blend of plush cushioning and versatile traction. Made to conquer any terrain, you'll find pavement, trail, and gravel are no match for the Stinson's stabilizing H-Frame™, rubber toe cap, and multi-directional lugs.

# HIKE

**NEW**

# Mafate Hike

## HIKE-READY DURABILITY, RUN-INSPIRED FLEXIBILITY.

Go higher, faster and longer with less in the new Mafate Hike. Dialed-up materials like a one-piece Vibram® Megagrip outsole and breathable, hydrophobic Matryx® upper infuse hiking-focused durability and protection into a strikingly light running-inspired silhouette. True to the cushion and comfort of its namesake with a dual-density midsole, dynamic vamp and airy ARIAPRENE® collar, this hiker adds all the long-haul upgrades you need and none you don't.

<b>STACK HEIGHT</b>	<b>W 07B</b> Heel Stack:41.7mm Forefoot Stack:34.2mm <b>M 09D</b> Heel Stack:43mm Forefoot Stack:35mm

# Transport 2

TRAIL

## CITY-SAVVY PERFORMANCE, LEVELED UP.

Boosting the comfort of the original, the Transport 2 is back with its famous city-to-trail versatility. This version softens the step-in feel with a higher stack height, cushier sockliner and plusher collar. Designed with sustainably minded details with a 30% sugarcane EVA midsole and Vibram® EcoStep Recycle outsole, we've topped the Transport 2 with a quick-toggle lace, durable water-repellent treatment and 360 degrees of reflectivity so it's ready for life's adventures.

# Hopara 2

TRAIL

## ***Feels like a sandal, functions like a hiker.***

Equally at home by land or water, the Hopara 2 tackles mud, dirt, and rocks with the same amphibian-like ease. Reconceived with earth-conscious materials, we've implemented a 30% sugarcane topsole, 100% recycled knit upper, and 100% recycled CORDURA® mesh overlays to allow for water drainage while keeping trail debris at bay. Engineered with a toggle lace, adjustable heel strap, and quick-dry water repellency, there's no need to take your shoes off at the next creek crossing.

# Mafate 5

TRAIL

## **Plush cushioning for tough terrain.**

A pinnacle product for technical trail, the Mafate 5 goes the extra mile with more cushioning and protection than ever before. Built tough for mileage chasers, this tenacious trail runner helps maintain control during long haul efforts with our Rocker Integrity Technology and protects from trail debris with an optional ankle gaiter. Finished with a soft, springy foam just underfoot and impact-absorbing foam near the sole, the Mafate 5 is grounded in aggressive Vibram® Megagrip traction lugs. In a word: gnarly.
